

**W**elcome to the Archive. It is presented in eBook form for your convenience and in case you would like to print it.

*Please Note that the Digital Rights Management Act  
Permits 1 or 2 Personal Copies to be made (not for re-sale).*

Some of the original publications and our eBook transcriptions will be non-standard size, so be sure to notice what size paper you will need when you print.

### **Instructions:**

In Reader, you can jump to various pages from the bookmark window on the left. (The window may be opened or closed by clicking the appropriate icon). You can instantly jump to any point in this database on any subject by clicking on Edit/Search and typing the name of the boat or subject you wish to research. Page numbers from the original are missing because of ads, no pages were omitted.

### **Note:**

When viewing on your computer, because of halftone printing, the scanned pictures will look better on different monitors at different magnifications depending on the screen settings of your monitor.. so experiment with the zoom feature in the toolbar of your Adobe Reader.

**POPULAR BOATING 1959, Boat Show Issue**

**Boats In The Belfry Archives**

*A searchable Database in Acrobat PDF format.*

A searchable Database in Acrobat PDF format. Search by Page or topic in Adobe Reader from your web-browser. This information is derived from Kevin Mueller's personal collection of printed magazines, catalogs, manuals and advertisements. This service is being provided as a means for identifying unknown boats by visual reference and description.

This magazine catalog as originally formatted by Popular Boating, has each year's entries alphabetized twice. Therefore, if you don't see what you are looking for in the first part, there will be a second part titled; *New Announcements*. Please be sure to look there too. Find it easily from the bookmark or by searching the words "*new announcements*". Please note that many boats are listed both under the manufacturing name and/or the Brand.

You will need to print on legal size paper since the originals were a little too large for letter size.

Other websites may not link directly to the archive. Please link only to the Boats in the Belfry Home Page.
